"Den perfekte kombination af familie, jagt og naturferie.

Det kan virkelig anbefales at rejse på ferie med Jacques Britts fra Mangwa hunting Safaris. Vi startede i Sydafrika med tre dage på jagt. Vi havde alle fire nogle spændende dage, og alle fik skudt det de havde ønsket sig, både de erfarne og nybegynderen.

Derefter kørte vi til Botswana, hvor vi overnattede i Elephant Sands, en lodge bygget omkring et vandhul, hvor elefanterne kom og drak. Det var den vildeste oplevelse at bo så tæt på de store dyr. Derefter gik turen til Zambesifloden i Namibia. Fisketur på floden hvor vi bl.a. så krokodiller, flodhest og masser af smukke fugle. Det var interessant at se de lokale bo i lerhytter, sejle i udhulede træstammer og se kvinderne hente vand i floden. Hvor er det sundt at opleve, at man kan være glad og smilende uden at have strøm, mobiltelefoner, internet osv. Stof til eftertanke.

Så gik turen videre til Zimbabwe og Victoria Falls. Wauv der er kommer godt nok meget vand ud af den bruser. Betagende syn.

Herefter gik turen igen sydpå via endnu en oplevelsesrig overnatning i Elephant Sands, efterfulgt af en overnatning i jagtlodgen inden turen gik mod lufthavnen i Johannesburg.

Jacque er meget serviceminded og god til at få alle til at føle sig godt tilpas. Alt klappede både jagt, lækker mad og drikke.

Der var ingen ekstraudgifter ud over den faste pris der var aftalt på forhånd.

Vi skal helt sikkert en tur til Afrika igen med Jacques Britts. Vi syntes det var en fantastisk sjov, smuk, flot og betagende oplevelse.

"The perfect combination of family, hunting and nature holiday.

It can be really recommended to go on holiday with Jacques Britts from Mangwa hunting Safaris.

We started in South Africa on 3 days of hunting. The 4 of us had some exciting days and all were shot what we had wished for, both the experienced hunter and the novice hunter.

Then we drove to Botswana where we spent the night in Elephant Sands, a lodge built around a water hole where elephants came and drank. It was the wildest experience to stay so close to the big animals. Then we went to Zambezi river in Namibia. We were fishing on the river and saw crocodiles, hippopotamus and lots of beautiful birds. It was interesting to watch the locals live in mud huts, sail in dugout canoes and see the women fetch water from the river. Where is it healthy to experience that one can be happy and smiling without power, phones, internet. Food for thought.

So we went on to Zimbabwe and Victoria Falls. Wauv - a lot of water comes out of that shower. Breathtaking views. Then we went south again via another eventful night in Elephant Sands, followed by an overnight stay in the lodge in South Africa before the trip ended in the airport in Johannesburg.

Jacque is very service minded and good at getting everyone to feel comfortable. All applauded both hunting, delicious food and drink.

There were no additional charges beyond the fixed price agreed in advance.

It will not be our last trip to Africa and next time we will go with Jacques Britts again. We thought it was a great fun, beautiful, beautiful and breathtaking experience.
